

# Taj Lipguard®

## Taj Lipguard®

### Compositions

Vaseline + Vegetarian oil.

### Indications

Moisture Cream

### Description

vaseline is a non-polar hydrocarbon hydrophobic (water-repelling), insoluble in water, glycerol (not a hydrocarbon but an alcohol) is the opposite: it is so strongly hydrophylic (water-attracting) that by continuous absorption of moisture from the air, it produces the feeling of wetness on the skin and provide the greasiness to the skin.
